

COVID GUIDELINES

These Guidelines will be subject to change as our life with COVID changes.

- If you feel ill in any way, please do not come to a dance or a class.
- We will take a 'No Touch' temperature before you enter the hall... a reading of 2° above normal; and no entry!
- Use hand sanitizer before and after every tip or round dance with someone not your partner. The Club will provide hand sanitizer.
- We will not require masks, but if you choose to wear one, it must be an approved type by the CDC only, no vents or holes.
- No COVID vaccinations or proof will be required.
- The 'Thank You' hug at the end of each tip has changed to an arm's length circle of eight with fingers touch and the words "Thank You".
- No snacks will be allowed. If you need a sugar lift, please bring a pre-wrapped candy; and do not share with others. Bring your own water & stay hydrated. Please mark your water with your name.
- If someone is wearing a mask, be respectful of their choice. If someone puts up a palm in front of them outside a tip, do not go closer. Respect other's personal space.
- Your common sense and the good Lord are your protection from COVID.
